CHAPTER ONE

THE SHOWER

'I had an amazing shoot with Cat. She made me feel comfortable and welcome from the start. Cat has an amazing range of skills which made our shoot very creative and fun! I'd highly recommend' - Beth

CAT BRANT PHOTOGRAPHY

A woman with blonde hair is posing in a black latex bikini. She is lying down with her arms raised behind her head, eyes closed, and a serene expression. The scene is set in a dark, steamy environment, likely a sauna or steam room, with water droplets visible on her skin and the background. The lighting is dramatic, highlighting the contours of her body and the texture of the latex. The overall mood is sensual and intimate.

THE SHOWER

The shower is actually a pop up set inside my studio rather than an actual shower- although many of these photos could be recreated in an actual shower if you'd like your shoot to be in a hotel!

Outfit guide for the shower:

PVC

Black underwear

Swimwear, bikinis or a one piece

Wet white t-shirt

Nudes

Please bear in mind you will get wet in this set so think about bringing an outfit with you that you don't mind getting wet and maybe bringing yourself a towel!

This is a warm water sprinkle and spray so fake tan is generally a no go incase we get any streaks. If you choose this set, we will do this last as hair and makeup can get ruined towards the end.

Spice levels for this set can be anywhere from a 6 to 10. Tasteful nudes work well as do shots looking away for the particularly camera shy.

with myself' - Jeanette

THE CLASSIC

First foray into the dark side or looking to add your own spin on the shoot? A classic set might be for you. This is a classic simple black backdrop and a dark bed sheet with black feathers, cushions and texture to help you melt into the darkness.

Outfit choices for the classic could include:

Reds, Blacks and PVC
Robes, Sheer & Black Lace
Silk Pjs & Nighties

Because this set is simple you could go all out on accessories so if you fancy incorporating handcuffs, BDSM accessories or doing a full strip tease - this would be the set.

THE JUNGLE

Cat, is super talented, she's great at putting you at ease, making you laugh and giving directions. The photos she took of me are incredible. Will definitely recommend and will be back for more pictures for sure!- Chenge

THE JUNGLE

The jungle is a fabulous add on to the shower and just as amazing with the classic & silhouette set ups.

The jungle is a highly creative set using plants, leaves, led lighting and coloured flashes you'll be sure to walk away with lots of variety in your album while having a lot of fun too!

Hiding behind leaves, plants and stepping into lights, parts of your body will be cleverly concealed and revealed for you to revel in all your best bits!

Great again for the camera shy as this set gives us plenty to keep you occupied and always creates highly unique photos.

THE NUDES

Many of The Dark Side shoots end in nudes and that might not be your cup of tea at all but if it is then I want to capture you how you'll feel most comfortable!

Nudes are an art in themselves and as such I dedicate an hour to getting the best possible shots of you nude, these may take the form of one or a few of the following:

- A simple silhouette
- A playboy style cover shot
- A topless sensual pose
- A playful suggested nude
- A bodyscape (black and white dramatically lit)

Nudes are incredibly personal and I can't cover all the options in this guide, before any nudes we will discuss how you want to feel when you see these, or indeed if you are giving these as a gift how you want them to be received.
